OVERVIEW

Computer Engineering student in eighth semester at the Faculty of Engineering, UNAM.

EDUCATION

National Autonomous University of Mexico

Eighth semester student of the computer engineering degree

Mexico City, Mexico

Graduated in: 2026

TECHNICAL KNOWLEDGE

- **Data analysis:** R, Minitab
- **Databases and modeling tools:**SQL(Microsoft SQL Server, my SQL, PostgreSQL, Erwin)
- **Programming languages:**Python, C, C++, Java, VHDL, Assembler, Arduino
- **Certifications:**Scrum Fundamentals, Matlab
- **Languages:**English - intermediate(B2), Spanish(native)

ACADEMIC PROJECTS

DE10-Lite Card Parking System

2024

- Car check-in and check-out using hardware

Digital Vumeter system

2024

- Development of a Vumeter for noise detection and classification in Matlab

Data management system for engineering students

2024

- Development of a database for data entry of students from the Faculty of Engineering.

SOFT SKILLS

- Proactive
- Leadership
- Teamwork
- Persevering
- Communication skills.
- Ability to work under pressure

OTHER PROJECTS

Webmaster at Cover Concept Company

2019-2022

- Website designer and maintenance manager and database administrator
